

CHARBAY

Clear Vodka

Key Facts:

- 4-Column Distilled just once - done right the first time (*custom distilled to Miles' and Marko's very specific instructions*).
- Vodka is legally required to be distilled to 190 proof; ours is distilled to 192 proof for extra purity (*that extra 2 proof actually makes a big difference*)
- Marko uses a proprietary water technology to cut the vodka to 80 proof; 3PPM
- Filtration: Charbay does not use charcoal, diamond dust or other filter agents — to preserve its silky body and mouth-feel, plus ensure its purity
- Enjoy Charbay over ice or with a splash of tonic or soda and in the cocktails listed below.
- **CHARBAY has been pioneering fine spirits since 1983, and released their first vodkas in 1998.**
- No glycerin, filter agents, multi-filtration marketing claims... just great, pure vodka.
